Dear Trader,

In this newsletter, you'll read more about:

- Automatic registration of foreign traders via the AIB Hub
- 2027 Rate Proposal
- API Testing
- Feature Article: What Can You Do with Guarantees of Origin in Your Trading Account?

**Automatic registration of foreign traders via the AIB Hub**
Foreign traders are now automatically registered in MyVertiCer.
VertiCer has recently established a direct link with the AIB Hub. This platform contains all registered traders. Thanks to this integration, data is updated more quickly. This makes the process simpler and more efficient.

**2027 Fee Proposal**
We recently informed you about the fee proposal we submitted to the Ministry of Economic Affairs and Climate Policy for 2027.

We propose the following changes:

- The membership fee will decrease from €3,000 to €2,000.
- All transaction fees will be reduced by 20%.
- After the initial issuance of a Guarantee of Origin, we will no longer charge a fee for transfers.

The ministry will review our proposal and make a decision later this year.
We will keep you informed as soon as more details are available.

**API Testing**
Would you like to test our API? You can still do so.
Via the link **acce-api.verticer.eu,** you can find more information about the API and sign up as a tester.

**Feature Article**
This month, we're focusing on the question: "What can you do with Guarantees of Origin in your trading account?"
You can find the article **here** on our website.

Do you have an idea for a topic for our next newsletter? Let us know!
